

The Dementia Action Plan™ Webinar - Continuing Education

WHY?

- 1) Provides an educational review of the four major, plus lesser-known, causes of Dementia, and Dementia-like conditions.
- 2) Provides an understanding of the seven practical care planning steps families and individuals can take when faced with Dementia, many of which are overlooked or under-appreciated.

WHO?

This 2-hour course is intended for nurses, care managers, first responders, and other professionals, to meet their annual educational requirements. The program combines live-hosted discussions with prerecorded video. Successful participation requires two short tests, live discussion, a video, and evaluation to receive your certificate of completion. Our CE workshop has been approved by the Montana Nurses Association. MNA is accredited with distinction as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

WHAT?

Co-led by the Dementia Society of America's founder and nationally recognized spokesperson, Kevin Jameson, and Jeannine Forrest, PhD, RN. This CE workshop will take you through the basics of the who, what, where, when, and why of dealing with Dementia in the present, and the future. By utilizing the 7 simple steps detailed in Mr. Jameson's straightforward C.Y.P.R.E.S.S. Method™, you have the potential to make a lasting impact on your ability to successfully navigate life as a caregiver/partner, healthcare professional, first responder, or as someone living with Dementia. You will be able to see and speak live with Dr. Forrest both before and after the video.

CE Hours: 2.00; Fee: \$25.
